Sir:

COMMENTS ON REASONS FOR ALLOWANCE

Applicant thanks the Examiner for the Notice of Allowability and the Statement of Reasons for Allowance mailed on November 25, 2008. Without withdrawing the allowed claims from issue, Applicant submits these comments for the record.

In the Statement of Reasons for Allowance, the Examiner made characterizations and assertions about the allowed claims and the art of record. Although Applicant agrees with the Examiner's ultimate conclusions that the claims are patentable, Applicant does not necessarily agree with the Examiner's statement and the characterizations and assertions therein.

Specifically, the Examiner states that "the examiner interprets applicant's amendment to claim 4 as consistent with the amendment to claim 1 where the superior computer is only capable of acting as a superior computer and not an inferior computer." Notice of Allowance p. 2.

Applicant respectfully submits that claim 4 recites only that "the first computer acts only as a first computer." Applicant respectfully submits that what the "first computer" is capable of and the manner in which it acts are distinctly different. Accordingly, the recitations of claim 4 should not be construed as limiting the capability of the claimed "first computer."

If there is any fee due in connection with the filing of these Comments, please charge the fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
